DIFFICULTY ●●●

INSTRUCTIONS

Step 1:

The number of toppers will be based on the word/message desired. For CHEER [includes blank topper at either side] punch 14 scalloped circles of green cardstock.

Step 2:

Punch 7, 1 inch circles of cadmium yellow cardstock.

Step 3:

Stamp one letter on each cadmium yellow 1 inch circle.

Step 4:

Glue one cadmium yellow circle onto each scalloped circle.

Step 5:

Cut craft stick with the craft knife in an X formation in the middle to create two pieces. Discard excess. Repeat to create 1 piece for each topper, in this case 4 craft sticks in total. [only 7 halves used though]

Step 6:

Cover both sides of rounded end of craft stick with PVA glue – approximately 1cm.

Step 7:

Stick one green scalloped circle to one side of craft stick [rounded end in the centre of the scalloped circle] and stick on the other side the 1, 1-inch circle + green scalloped circle.
