DIFFICULTY ●●●

INSTRUCTIONS

Step 1:

Cut 1 square 10cm x 10cm and 1 strip 3cm x 30cm of scrapbooking paper.

Step 2:

Fold strip to create pleats – approximately 0.5cm folds. Score each pleat as you go to create crisp folds.

Step 3:

Glue ends of strip together with a small amount of PVA glue.

Step 4:

Cut 4 lengths of double sided tape and stick on wrong side of square.

Step 5:

Peel backing of tape and place on card. Press down firmly.

Step 6:

Place a small amount of PVA glue in the centre of paper. Push the pleated strip to create a rosette. Carefully lift and stick onto card. Apply pressure to ensure rosette sticks. Place a light bearing weight on rosette while it dries.
