Assembling

Lay the Tawashi flat and fold the two shorter sides in together, they should meet along the diagonal. Seam together along this join.

Using a wool needle and a length of yarn, create a running stitch around the top edge of the tawashi, pull tightly to gather. The tawashi will pleat itself into a spiral shape. Fasten off but do not cut the yarn.

Using the same length of yarn repeat this for the bottom edge of the tawashi. Fasten off tightly, cut yarn and weave in ends.

Strap (Refer to Item B):

Row 1: Sl st into a stitch at the outer edge of the tawashi to join yarn to work, ch15, turn.

Row 2: Ins hook into the second ch from the hook and tr into the next 13 chs, turn.

Row 3: Skip one stitch and sl st into the next st on the tawashi (counts as your turning chs), dc into each st along the row, cut yarn and fasten off.

Use the remaining length of yarn to sew the strap into the other side of the Tawashi. Weave in all ends. Wash and dry thoroughly before using for the first time.
